## PUBLIC HEARINGS

VACATION OF  
UTILITY EASEMENTS  
LYING WITHIN AND  
NORTH OF NOMA  
RANCH

cc. 52(b)

Notice thereof having been published and posted according to law, an affidavit of which publication and posting is on file in the office of the City Clerk, Mayor Hinchman called for the Public Hearing to consider the proposed vacation of utility easements lying within and north of Noma Ranch, Lodi.

## ORDER NO. 083-12

Council was apprised that the easement abandonments have been requested by the owners of Noma Ranch Subdivision in order to clear the lots within this subdivision of the encumbrance of easements which are no longer used. The descriptions of the two old (1924 and 1929) easements make it impossible to pinpoint the exact locations of the easements now that the poles and lines have been removed. These facilities were removed prior to the installation of the subdivision improvements.

Funds have been provided for the necessary advertising and PG&E, Pacific Bell, King Videocable Co., and City utilities have been notified of the proposed abandonment and their approval has been secured.

There being no persons in the audience wishing to speak on the matter the public portion of the hearing was closed.

On motion of Council Member Snider, Olson second, Council adopted Order No. 083-12 vacating utility easements lying within and north of Noma Ranch, Lodi, and authorized the City Manager and City Clerk to execute a quitclaim deed in favor of the owners.

VACATION OF TWO  
PARCELS RESERVED  
FOR STREET PURPOSES  
ADJOINING WHITNEY  
STREET, LODI

## ORDER NO. 083-13

cc 52(c)

Notice thereof having been published and posted according to law and affidavits of publication and posting, being on file in the office of the City Clerk, Mayor Hinchman called for the Public Hearing to consider the proposed vacation of two parcels reserved for street purposes adjoining Whitney Street, Lodi.

Council was apprised that the two parcels were originally reserved in the Joaquin Park Subdivision to provide for the extension of Whitney Street if it were to become desirable.

Recently the Willow Court Subdivision was completed and the street extension is no longer desirable or possible and retaining the two parcels would also require maintenance by City forces.

Continued December 18, 1985

An adjacent property owner would like to get clear title to half of it with the idea of maintaining it and possibly parking on it in the future. It would appear that this could be the best use for all concerned according to Staff.

There being no persons in the audience wishing to address the Council on the matter the public portion of the hearing was closed.

On motion of Mayor Pro Tempore Reid, Olson second, Council adopted Order No. 083-13 vacating two parcels reserved for street purposes adjoining Whitney Street, Lodi, and authorized the City Manager and City Clerk to execute two quitclaim deeds in favor of the adjacent owners.

PROPOSED CHESTNUT  
STREET BRIDGE OVER  
THE WOODBRIDGE  
IRRIGATION CANAL

cc-6  
cc-7  
cc-45(a)

City Clerk Reimche presented the following letter that had been received from San Joaquin County Supervisor George L. Barber:

"During our October 29th "shirt-sleeves" meeting, we discussed the proposed bridge on Chestnut Street over the Woodbridge Irrigation Canal. During the discussion, city staff proposed that if San Joaquin County were to contribute \$250,000, that the City of Lodi would provide the design and construction of the proposed bridge.

I've considered the city's offer and believe it to be quite reasonable. Accordingly, I would like to make arrangements for the County to make a financial contribution of \$250,000 as its share of the expenses associated with the bridge and for the City of Lodi to act as lead agency for design and construction of this project.

I believe that for the convenience and safety of both the people of Lodi and the Woodbridge area that this project should be undertaken at the very earliest possible time. I also believe that an early completion of the project could save both the city and the county some considerable expenditures for traffic control equipment.

I, therefore, would appreciate your response and confirmation of the above at your earliest convenience."

Continued December 18, 1985

Following discussion, Council tacitly concurred that Mayor Hinchman should respond to Supervisor Barber's letter that the City's position on the Chestnut Street crossing of the WID Canal is that it is strictly and wholly a County responsibility.

The 1986 Capital Improvement Program was presented for Council's approval. Minor changes that had been made following the original presentation of this document to Council were reviewed. MID-BLOCK CROSSWALK  
REQUESTED AT CASA  
DE LODI

cc-16  
cc-45(a)

Council was reminded that, at its regular meeting of December 4, 1985, the City Council received a petition signed by approximately 225 residents of Casa de Lodi requesting the installation of a mid-block crosswalk at the entrances to this mobile home park. The City Council asked that this matter be placed on this agenda for discussion.

City Manager Peterson pointed out that the City, in the past, has been strongly opposed to the installation of mid-block crosswalks and has discouraged their use. Public Works Director Jack Ronsko, in a memo to the City Manager, made the following points in support of the City's positions:

- 1. Motorists expect crosswalks and pedestrians at intersections and motorists do not expect crosswalks placed in the middle of a block.
- 2. They may cause pedestrians to have a false sense of security with respect to vehicular traffic.
- 3. They may cause a greater number of rear-end collisions due to pedestrians not waiting for gaps in traffic.

4. They may cause an increase in fatal and serious injury accidents because crosswalks are usually considered to be safety devices. However, accident studies show a disproportionate accident rate in terms of marked versus unmarked crosswalks, probably due to a less cautious pedestrian attitude at unmarked walks.

The staff believes that the use this mid-block crosswalk would receive would be quite minimal. It would, for example, not receive the kind of use such a crosswalk would receive in the downtown area. The Public Works Director further advises that the City does not normally paint crosswalks unless the intersections are on a route to school or have a high pedestrian count.

Also included for Council's information was a copy of an informal speed survey conducted earlier this year on Turner Road between Beckman Road and Cluff Avenue.

Diagrams of the subject area were also presented for Council's perusal.

A very lengthy discussion followed with questions being directed to Staff.

Addressing the Council regarding the matter were:

- a) Dr. A. E. Mason, Space 151, Casa de Lodi
- b) Beryl Georguson, 2223 W. Cochran Road, Lodi

Mayor Hinchman moved to adopt Resolution No. 85-186 establishing a speed limit on the full length of Turner Road within the city limits of the City of Lodi of 25 MPH and to establish a mid-block crosswalk on Turner Road in the area of the Casa de Lodi Mobile Home Park. The motion was seconded by Council Member Olson, but failed to pass by the following vote:

AYES: Council Members - Olson and Hinchman (Mayor)

NOES: Council Members - Pinkerton, Reid, and Snider

ABSENT: Council Members - None

Following additional discussion, Mayor Pro Tempore Reid moved for adoption of Resolution No. 85-186 establishing a speed limit on the full length of Turner Road within the city limits of the City of Lodi of 35 MPH. The motion was seconded by Council Members Olson and carried by the following vote:

Ayes: Council Members - Olson, Reid, & Hinchman (Mayor)

Noes: Council Members - Pinkerton and Snider

A very lengthy discussion followed regarding the establishment of a mid-block crossing in the area of Casa de Lodi. A motion was made for the establishment of a mid-block crossing in the subject area by Mayor Hinchman, Reid second; however, following additional discussion, the motion and second were withdrawn.

Continued December 18, 1985

Public Works Director Ronsko asked that the record show that he recommended against the establishing of a mid-block crossing in the subject area.
